Alice: I know, but the ticket is more expensive on the weekend. Also, I’ve been there many times since it opened five years ago. Did you try the Dandelion Seat there? It’s so popular that people have to wait for over an hour to get a ride.

Alice: Yes. I enjoyed riding on the Dandelion Seat and looking over the city. It was a great experience.
Jerry: Eh . . . I liked taking the train to get around the park better. I don’t think it’s fun to ride in the air. I’d feel like I could fall down any time.

Is Goodies good?  7:02 PM  08/26
Does anyone know about Goodies next to the Mad-Eye Theater? I want to go there with my friends this Saturday. Thanks!

RE: Is Goodies good?  7:30 PM  08/26
My dad took me there yesterday. I don’t know if it’s expensive. He paid. The food was fine, not the best, though. But you must try its papaya ice cream. I just can’t get enough of it! You’ll save $50 if you have dinner there on your birthday.

RE: Is Goodies good?  8:11 PM  08/26
Its food is good but its waiters are not. For that price, I think you should go to Awe’s. It’s a little far from the theater, but the waiters there are friendly, and the food is wonderful. It’s celebrating its fifth birthday, so lunch is only half price this week.

RE: Is Goodies good?  9:56 PM  08/26
It’s the best restaurant I’ve ever been to. It’s a little expensive. But it costs $100 less for lunch. Crazy_P is right about the papaya ice cream. There’s no other word for it!

You don’t want to be Kim’s assistant. She gives you lots of work and never feels pleased with what you do. However, if you “pass the test,” you’ll almost 100% sure be promoted to “real” lawyer. I passed, and now I have my own office and my own assistant.

Last week Kim kicked out her new assistant. And now she’s treating me like her assistant again. “Maureen, get me a coffee.” “Maureen, copy this for me.” Yes, the coffee room is closer to my office, and yes, I know the copying machines better, but now my business card says L-A-W-Y-E-R, not A-S-S-I-S-T-A-N-T!

No one will fight Kim because she’s dating Emerson, our boss. Fighting the boss’s girlfriend won’t do you any good. Ted fought her once, and now he’s sitting in the “Cage,” the smallest office here.

Next to my office is Jackson’s. He was Kim’s assistant before me. He told me that I had to let her know that now I work WITH her, not FOR her. “She’ll get very angry at first, but she’ll forget about you after she finds the next ‘lucky’ person, and then you’ll be OK,” said he.

   (A) She is not pleased with her assistant.
   (B) She has not got her new business cards yet.
   (C) She found a spelling mistake on her business card.
   (D) She is unhappy about still being seen as an assistant.

29. Sally is another lawyer in Maureen’s workplace. If Sally agrees with Jackson, what would she most likely say to Maureen?
   (A) “Make it clear to Kim that she is not your boss.”
   (B) “Help Kim find a new assistant or share yours with her.”
   (C) “Don’t fight with Kim, if you want to keep your job here.”
   (D) “I’m sorry but I don’t want to be part of your fight with Kim.”
30. Which picture best shows Maureen’s workplace?

(A) 
(B) 
(C) 
(D)
I saw this picture in this month’s *Time* magazine. A photographer named Gregory Heisler sent the picture to *Time*. The boys in the picture are all wearing different clothes, but they all share the same face. They do not just look like each other. In fact, they are the same person. Heisler “made” this funny picture on the computer. But in the future, with the science of ‘cloning’ (copying living things), a picture like this one may not just be a computer trick.

The idea of cloning began a long time ago. It became real when some animals like frogs were successfully cloned. At first, I didn’t care much about these studies. However, when some studies showed that even “people” could be cloned, I felt the studies had gone too far.

I don’t know much about science, but I do know I would hate to live on a planet full of copies of me. I found myself scared by the smiles of the copied boys when I looked at the picture again. To me, a world of cloned people is a world where the rules of nature are broken, which may bring a lot of problems we’ve never thought of.

31. What is the writer trying to say?
(A) Good simple things bring us the same joy.
(B) Science and art can both help us look better.
(C) A world of people with the same face is terrible.
(D) People will share the same health problems some day.

32. Which is said about cloning?
(A) It will make our living space smaller.
(B) Most people do not think it is a good idea.
(C) It is an idea that has been around for a long time.
(D) Many rules have been made for its use in saving people.
Here I am, at the top of Mont Blanc, in the coat of my dear Edith. All the way up, I could feel her with me.

... 

Edith and I lived in the French countryside. One day our family doctor told me that Edith was dying because of a serious stomach problem. I was very sad, but I did not tell Edith the bad news. I knew I had to be strong. I wanted her to be happy in her last days.

Edith became weaker and weaker, and she finally knew everything. She asked me for one last thing: taking her to see our only son, who worked in the city of Paris. I did as she liked. But the day we visited him, the young man was too busy to talk with her nicely. Before I could tell him about his mother’s health problem, Edith died in bed, sad and lonely, the next day in Paris.

Edith left me that way, but I did not want our story to end there. I would do one more thing for my sweetheart. Edith’s dream was to climb the beautiful Mont Blanc, so I decided to take her there — by putting her coat on.

... 

Now at the white mountain top, I’m sure that Edith is enjoying the moment with me, and that she must be happy with this end of our story.
